

Declaration of consent for foreign seafarers in transit across the border into Norway

Your name: _____

Date of birth:

--	--	--	--	--	--	--	--	--	--

DD MM YYYY

I hereby consent to the shipping agent referred to below being notified of the result of my COVID-19 test and also contributing to infection tracking measures as and when appropriate. This means that the shipping agent will be made aware that I have tested positive for COVID-19 and will be able to help track down close contacts. Negative test results will not be communicated.

It is voluntary to give such consent. You can get yourself tested for COVID-19 without consenting to the shipping agent being informed that you have tested positive for COVID-19, but you must then give your contact details, including your name and contact details for the ship you are to muster onboard, so that the healthcare service in Norway can contact you if you should test positive for COVID-19.

Name of ship: _____

Name of shipping agent: _____

Telephone number of shipping agent: _____

E-mail address of shipping agent: _____

Date and signature:
